IDEATION PHASE

Brainstorm & Idea Prioritization

Date	16 October 2022
Team ID	PNT2022TMID22725
Project Name Project	Analytics for Hospitals Health-Care Data
Maximum Marks	4 Marks

Step 1:

Step 2:

2

Brainstorm
Write down any ideas that come to mind that address your problem statement.

⏱ 10 minutes

3

Group ideas
Take turns sharing your ideas while clustering similar or related notes as you go.
In the last 10 minutes, give each cluster a sentence-like label. If a cluster is bigger than six sticky notes, try and see if you and break it up into smaller sub-groups.

⏱ 20 minutes

Geetha K
- visual context through maps or graphs it makes easier to identify large data sets
- selecting visualization for each set of attribute
- selecting visualization for each set of attribute
- Visualization for Cleaning a data & processing it
- To create a strong mental image of a future event.
- make big and small data easier for humans to understand

Midhula R
- Analysis of business value chain for product positioning and pricing
- Documenting the current state of your data
- understand the inputs and required output
- Evaluate Your Opportunity Costs for more alternatives
- data analytics in marketing for streamline operations increase benefit revels
- Infrastructure usage team analytics and complex event processing

BRAINSTORMING

Naga Grishma K
- Analyze your short and long-term returns
- Developing and implementing databases and data collection systems.
- Interpreting the evaluation of performance metrics
- selecting visualization for each set of attribute
- Analysis of the business value chain that are currently in your business
- creating strong mental image of a future event.

Guduru Pavani
- Data visualization tools include Google Charts, Tableau, Grafana, Chartist Js, FusionCharts
- Framework for data analytics based on the current system to understand and analyze data
- Analysis of healthcare bigdata that contains trends and population
- Big data analytics in health care data driven methods for special resilient pattern mining
- Inform decisions using probability and distribution curves.
- creating strong mental image of a future event.

VISUVALIZATION
- Makes data visualize tools to address curve t contain data into stort
- that are easy to Understand for its detectetions, for key doctors, patents, or government
- Make use of all options such as filter for better visualization.

USER PRIORITY
- Priority setting, healthcare rationing, healthcare planning, hospitals
- Understand the input and required output

ASSESMENT OF METRICS
- Interpreting the evaluation of performance metrics
- checking wheather the visualizations are upto expectations

DATASET ANALYSIS
- Provide relevent table names for all the visualizations
- Combine and visualize all the relevent data together
- Compare the results of all the visualizations

TREND ANALYSIS
- Identifying pros and cos trends

Step 3:

4

**Prioritize**

Your team should all be on the same page about what's important moving forward. Place your ideas on this grid to determine which ideas are important and which are feasible.

⏱ 20 minutes

Importance

If each of these tasks could get done without any difficulty or cost, which would have the most positive impact?

Provide relavant lable names for all the visualizations

Make sure to choose correct attributes such as color for representation

Combine and visualize all the relevant data together

Select the required dashboard needed for visualization

Identifying pros and cons trends

Choose the appropriate chart type for the data

Checking whether the visualizations are upto expectations

Make sure to choose correct attributes such as color for respresentation

Recognize positive and negative movement

🏳 **Feasibility**

Regardless of their importance, which tasks are more feasible than others? (Cost, time, effort, complexity, etc.)

After you collaborate

You can export the mural as an image or pdf to share with members of your company who might find it helpful.

Quick add-ons

A **Share the mural**
Share a view link to the mural with stakeholders to keep them in the loop about the outcomes of the session.

B **Export the mural**
Export a copy of the mural as a PNG or PDF to attach to emails, include in slides, or save in your drive.

Keep moving forward

Strategy blueprint
Define the components of a new idea or strategy.
